Web Designer and Front-End Developer with 3+ years of experience specializing in ReactJS, Tailwind CSS, and creating responsive websites and applications using HTML, CSS, JavaScript, Bootstrap and backend frameworks such as Laravel and Django. Skilled in building user-friendly interfaces, enhancing user experiences, and integrating back-end support. Proven track record of developing projects from scratch, collaborating in team environments, and contributing to open-source projects. Successfully worked with various clients as a freelancer and in collaborative settings to deliver high-quality, performance-optimized solutions.

Experience

Violet Infotech
2025/6/9-2024/5/29

Led a team to develop front-end applications using Bootstrap, ReactJS, and Wordpress, webflow, while supporting back-end processes with Django. Worked on projects like Violet Infotech, Zebra Sign World, Genesis, and Farm, integrating Electron.js to build cross-platform desktop applications and enhance user accessibility and performance. Developed a chatbot using Dialogflow to streamline client interactions and provide real-time assistance. Emphasized creating user-friendly UI/UX designs, ensuring seamless navigation and positive user experiences. Delivered client-centric solutions tailored to project requirements, consistently meeting deadlines and exceeding expectations. Contributed to the development of a precise billing ERP, leveraging Electron.js for an efficient and user-friendly interface.

Thiran Infotech (1 year)
2024/5/28-2023/4/3

Worked as a Front-End Developer using React and Laravel to build responsive, dynamic interfaces for projects like AshHotel, AshRooms, and Pavico, ensuring smooth and user-friendly experiences across all devices. Collaborated with back-end teams to integrate APIs seamlessly and deliver projects on time. Supported SEO strategies and ran Google Ads campaigns to improve search visibility and drive targeted traffic. Created engaging content and social media posts using Canva, contributing to brand awareness and growth. Developed and scheduled marketing content aligned with campaign goals to boost user engagement. Actively participated in team meetings to align workflows and meet client expectations. Recognized for delivering client-focused solutions with strong problem-solving skills and attention to detail.

Silver Dollar Tech (9 Month)
2022/12/30-2022/4/15

I worked as an XML/HTML Operator in a startup, managing structured XML content for a Bible book application. I used XML for data organization and .NET to design clean, user-friendly interfaces. I focused on improving navigation and usability through thoughtful UI design. Collaborating with cross-functional teams, I helped refine features and optimize performance. This 9-month role strengthened my skills in data handling, interface design, and application development.

Freelance (1.2 year)   *2022/2/30-2021/1/1*

Work (Balasasthastudio & Thiranchillamalai):
Developed 5+ responsive websites with a strong focus on UI/UX and front-end design.
Collaborated with clients to gather requirements, lead meetings, and deliver approved designs.
Integrated APIs, ensured cross-device compatibility, and received positive client feedback.
Enhanced skills in communication, project management, and usability testing.

Education

Dr. SNS Rajalakshmi College of Arts and Science

MCA / 2018 - 2020 / 75%
